

## Lifetime Guarantee

CompX warrants that its products will remain free from material defects and workmanship for the lifetime of the product. This warranty is a limited lifetime warranty “lifetime meaning after the product is discontinued, CompX will warranty the product for an additional five years”. If a failure occurs in material or workmanship, original purchaser must make warranty claims in writing within thirty (30) days of the manifestation of a problem. CompX will determine with the original purchaser if the product defect is covered by the issued warranty. CompX sole obligation under the foregoing warranty is to repair, replace or correct any such defect that is present at time of delivery or term of the warranty. The “warranty period” begins on the date the product is delivered to the original purchaser. A CompX representative or approved service representative must conduct any repairs under this warranty. Excluded from the warranty are problems due to installation, accidents, misuse, misapplication, storage, damage, negligence or modification to the product or its components. Exclusions and limitations: any product which uses a gas cylinder has a limited five (5) year warranty on the cylinder as a serviceable item based on standard assembly rates. CompX disclaims liability for injuries or property damage associated with installation or use of its products in any manner other than conformance with installation manuals and specification documents. Original purchaser must obtain an RMA (return material authorization) from CompX in advance of any warranty activity.
